MORNING DEER

ANDERSON

A black and white photograph of a lighthouse with a black and white striped tower, situated on a rocky shore. The lighthouse is illuminated from below, creating a bright glow. The sky is dark with some clouds. The overall scene is atmospheric and serene.

LIGHTHOUSE 3

Put your prayer, poem, saying,
whatever text you want
in this area. Say what you
wanted to say but thought
there was no room to fit it in.
Beautiful words backed by a beautiful
etching. Remember, the back of the
monument is often left a blank
canvas, why not use it
to convey your message?
